STM 2012

Call for Papers

8th International Workshop on Security and Trust Management
Pisa, Italy, 13-14 September 2012
in conjunction with ESORICS 2012

STM (Security and Trust Management) is a working group of ERCIM (European Research Consortium in Informatics and Mathematics). STM 2012 is the eighth workshop in this series and will be held in Pisa, Italy, in conjunction with the 17th European Symposium on Research in Computer Security (ESORICS 2012). The workshop seeks submissions from academia, industry, and government presenting novel research on all theoretical and practical aspects of security and trust in ICTs. Topics of interest include, but are not limited to:

Access control	Formal methods for security and trust	Trust assessment and negotiation
Anonymity	Social implications of security and trust	Trust in mobile code
Applied cryptography	Networked systems security	Trust models
Authentication	Economics of security and privacy	Trust management policies
Legal and ethical issues	Security and trust metrics	Trust and reputation systems
Identity management	Security and trust policies	Trusted platforms
Data protection	Security and trust management architectures	Trustworthy systems and user devices
Data/system integrity	Security and trust in cloud environments	Operating systems security
Digital right management	Security and trust in grid computing	Complex systems security
Privacy	Security and trust in pervasive computing	Data and application security
E-services	Security and trust in social networks	Web services security

Submission instructions. Submitted papers must not substantially overlap papers that have been published or that are simultaneously submitted to a journal or a conference with proceedings. All submissions should be appropriately anonymized (i.e., papers should not contain author names or affiliations, or obvious citations). Submissions should be at most 16 pages, including the bibliography and well-marked appendices, and should follow the LNCS style. Submissions are to be made through EasyChair, accessible from the STM2012 website. Only pdf les will be accepted. Submissions not meeting these guidelines risk rejection without consideration of their merits. Papers must be received by the deadline of June 16, 2012 (11:59 p.m. American Samoa time). Authors of accepted papers must guarantee that their papers will be presented at the workshop. Pre-proceedings will be made available at the workshop. Post-proceedings are planned to be published by Springer in the Lecture Notes in Computer Science (LNCS) series.
